

C2R2MAX Kits: limited edition !

The Boutique Citroën Racing republishes a limited series of the C2R2MAX kits !

The list of achievements of the **C2R2MAX** is the result of its many qualities:

- Remarkable agility on narrow and twisty stages while also being extremely competitive on wide and fast roads.
- Beginners will appreciate how easy the C2R2MAX is to drive while more experienced drivers will enjoy exploiting the potential of the car set-up.

The C2R2MAX has shown its potential, claiming many class wins and remains the standard of the R2 Group.

Main technical datas :

- Tarmac kit delivered with assembled engine (bench break-in, validated perf.) Max power 190bhp/7750rpm Max torque 175Nm/5500rpm
- Bodyshell delivered with welded rollcage,
- 5 gears sequential gear box with short ratio equipped.
- Hydraulic vertical hand brake,
- 3 ways adjustable shock absorbers (Adjustable Low/Fast speed compression, adjustable rebound and adjustable hydraulic bump stop),
- Rims size : 6.5x16.

Moreover, optional items for the C2R2MAX are consultable on the Boutique Citroën Racing website.

Par ailleurs et pour la France : La FFSA a confirmé, en accord avec les Pouvoirs Publics, la mise en œuvre d'une dérogation à l'obligation d'immatriculation pour les véhicules terrestres à moteur participant à des manifestations sportives (dont les rallyes).

Les règles d'application sont précisées dans la circulaire FFSA N°PJ 05/12/145.

Ainsi, il n'y a plus d'ambiguïté concernant le respect du code de la route par une voiture de rallye, et il est maintenant possible de s'affranchir du coût de l'immatriculation.
