

DS3 R3: Fuel Tank Repairing

Some damages affecting fuel tank could be repair but only the manufacturer is allowed to intervene.

Boutique Citroën Racing opens opportunities for clients who wish to examine their fuel tanks and engage any repair in the best conditions.

Procedure :

- Send the fuel tank to Citroën Racing accompanied by the information sheet (see page 2 of the Infocom).
- Citroën Racing requests a quote to the supplier. Two situations can arise:

- 1 - The fuel tank is in good condition and the repairing required by the customer are realisable. The customer will receive a quote for agreement before repairing.
- 2 - The fuel tank suffered of unrepairable damages in particular for safety reason. (important damage or unrepairable area).
Expert fees, testing and administrative costs, contractually fixed at 275 € HT, are at the charge of the customer (Price from April, 16th 2013 suitable for amendment without notice).
Moreover, if the customer wishes to recover his unrepairable fuel tank, there will be also the expenses of packing and transport to add. Otherwise, the fuel tank will be destroyed

Caution: Take care to not send for examination a fuel tank which suffered obviously important damage.

- The duration of the intervention from the supplier can vary from 2 to 3 weeks upon receipt of the fuel tank in Versailles.
